## Table of Contents

### EXECUTIVE SUMMARY AND PERSPECTIVE

1 Look Ahead
   - Robots see more clearly
   - Sanitary design
   - More savings, better safety

6 Positioning for the future

### REPORT FINDINGS

8 Preface

9 Benefits of Robots
   - Moving up the Packaging Line
   - Types of Robots
   - An Industry Wide Challenge
   - Creating New Jobs

17 Increased Use of Robots
   - Predictions of Growth
   - Driving Influences
   - Robotic Use by Market Segment
     - Processing Line
     - Primary Packaging Line
     - Secondary Packaging
     - Transport Packaging

26 Robotic Advancements
   - What End Users Want
   - The Importance of EOAT
   - Robots With Better Vision
   - Programming Made Easier

33 Global Growth
   - Sales Forecasts
   - Growth Markets
   - Capital Spending

35 Robots of the Future

36 Actionable Outcome

### APPENDIX

39 Appendix A
   - Industry Participants

40 Appendix B
   - Reference
